The E-Filing system may be used to file public, in camera, or confidential information with the Commission. All public information you place in any of the fields in a filing -- and all public information in every attachment to a filing -- constitutes a public filing before the Commission; will become part of the public records of the Commission; and will be placed on the publicly accessible Commission Web site. The FTC Act and other laws administered by the Commission permit the collection of public filings to consider and use in this proceeding as appropriate. More information, including other routine uses permitted by the Privacy Act, may be found in the FTC's privacy policy, at <http://www.ftc.gov/ftc/privacy.htm>.

Information labeled "In Camera" or "Confidential" must include as an attachment either a motion requesting in camera or other confidential treatment, in the form prescribed by §3.45, or a copy of a Commission, Administrative Law Judge, or federal court order granting such treatment. The document must also include as a separate attachment a set of only those pages of the document on which the in camera or otherwise confidential material appears and comply with all other requirements of §3.45 and any other applicable rules governing in camera treatment.

Click on the "Next >" button to move on to the Notice of Electronic Service for Public Filings (e.g. shown in Image 18)

What is the Notice of Electronic Service for Public Filings?

The Notice of Electronic Service generates a PDF document, similar to the Certificate of Service, listing who was served via the E-Filing system as well as outside of the system.

The following information is provided in the Notice of Electronic Service:

- **Administrative Law Judge and Office of the Secretary**
 - The first table shows that a copy of the document will be filed electronically (through the E-Filing system) with the Administrative Law Judge and the Office of the Secretary
- **Attorneys who opted-in to E-Notifications**
 - The second table shows that a copy of the document will be served electronically to the Attorneys of Record who opted-in to E-Notifications

- **Attorneys who opted-out of E-Notifications**
 - The third table shows a list of the Attorneys of Record who opted-out of E-Notifications
 - In order to add these attorneys to the Notice of Electronic Service, you must check the checkbox in the corresponding row of the attorney you agree to serve outside of the system
- **Manually adding people to the Notice of Electronic Service**
 - The fourth table allows you to add any additional people who you agree to serve this document by other means, as provided in Rule 4.4(b). This is not a required field
 - You may add as many extra attorneys as you wish by clicking on the “Add a Name” button below the fourth table
- **Previewing the Notice of Electronic Service**
 - The link labeled *Preview the Notice of Electronic Service* will generate a PDF preview of the Notice of Electronic Service using the information seen in the above tables (e.g. shown in Image 19). If you wish to check/uncheck some of the attorneys from the third table or add/remove attorneys from the fourth table, then pressing on the “preview” link will update the document with the new information
- **Appending the Notice of Electronic Service PDF**
 - Below the preview link is the question *Do you want to append this Notice of Electronic Service to the e-filing?* with the options of *Yes* and *No* in the dropdown selector. If you choose the option *Yes*, then upon successful submission of the filing the Notice of Electronic Service will be appended to the end of your PDF document. If you choose the option *No*, then the Notice of Electronic Service will not be appended and the selected information will only act as the information within the courtesy copy email
 - Information from the Notice of Electronic Service will still be accessible to the Records and Filings Office of the FTC
- **Additional Email Addresses to be Copied on E-Notifications**
 - The final table within the page displays the email addresses that will receive a notification that this filing has been submitted. These email addresses will not be able to access the filed document, but only receive the courtesy copy email as a notice of submission
- **Verifying that you are the submitter of the document**
 - The final step on the page is to verify that you are the person named as the submitter for this document and that all the above information regarding who is being served and in what way they are being served is correct. Once the box is checked the *Next* button will become active
 - You will not be able to move on to the final submission page without checking this box

Can I Opt Out of the Notice of Electronic Service for Public Filings?

To do this, simply check the box at the bottom of the screen that reads “I am opting out of the Notice of Electronic Service” and click on the button labeled “Opt Out”. Users who opt-in to E-Notifications will receive a Notice of Electronic Filing that is sent when a document has been submitted to E-Filing for a docket in which you have opted-in to E-Notifications. For all public filings a link to the courtesy copy will also be included in the Notice of Electronic Filing. Transmission of the Notice of Electronic Filing acts as service of the filing.

The Notice of Electronic Filing contains the following items (shown in Image 23):

- The docket number and matter name for which the filing was submitted
- The name of the filer who submitted the filing
- The date and time the filing was submitted to the system
- An encrypted link to the document
 - Only the registered users who receive the courtesy copy email will be able to access the document in the system. This includes the Office of the Secretary, the Administrative Law Judge and all filers who opted in to E-Notifications (the additional email addresses to receive E-Notifications will not be able to access the document)
- A list of the users who were sent a courtesy copy electronically

- A list of the additional emails that receive a notification of the filing's submission to the E-Filing system

Why does the Notice of Electronic Filing come from the filer?

If one of the users who has opted in to E-Notifications enters an invalid email address in their Notice of Appearance then the filer of the filing would receive a bounceback email notifying them that the email was not successfully sent. Similarly, if one of the attorneys that receive the courtesy copy email hit "Reply" then the default recipient would be the filer of the filing. The filer will also receive a read receipt when the Notice of Electronic filing email is opened.

Note: Read receipts must be turned on in your email client in order for the filer to receive them.

Click on the "Next >" button to move on to the Notice of Electronic Service for Non-Public Filings (e.g. Image 29)

What is the Notice of Electronic Service for Non-Public Filings?

The Notice of Electronic Service for Non-Public Filings generates a PDF document, similar to the Certificate of Service, listing who was served via the E-Filing system as well as outside of the system.

The following information is provided in the Notice of Electronic Service:

- **Administrative Law Judge and Office of the Secretary**
 - The first table shows that a copy of the document will be filed electronically (through the E-Filing system) with the Administrative Law Judge and the Office of the Secretary
- **Attorneys of Record**
 - The second table shows a list of the Attorneys of Record for this particular docket
 - In order to add these attorneys to the Notice of Electronic Service, you must check the checkbox in the corresponding row of the attorney you agree to serve by other means, as provided in Rule 4.4(b)
- **Manually adding people to the Notice of Electronic Service**
 - The third table allows you to add any additional people who you agree to serve this document by other means, as provided in Rule 4.4(b). This is not a required field
 - You may add as many extra attorneys as you wish by clicking on the "Add a Name" button below the third table
- **Previewing the Notice of Electronic Service**
 - The link labeled *Preview the Notice of Electronic Service* will generate a PDF preview of the Notice of Electronic Service using the information seen in the above tables (e.g. shown in Image 30). If you wish to check/uncheck some of the attorneys from the third table or add/remove attorneys from the fourth table, then pressing on the "preview" link will update the document with the new information

- **Appending the Notice of Electronic Service PDF**
 - Below the preview link is the question *Do you want to append this Notice of Electronic Service to the e-filing?* with the options of *Yes* and *No* in the dropdown selector. If you choose the option *Yes*, then upon successful submission of the filing the Notice of Electronic Service will be appended to the end of your PDF document. If you choose the option *No*, then the Notice of Electronic Service will not be appended and the selected information will only act as the information within the courtesy copy email
 - Information from the Notice of Electronic Service will still be accessible to the Records and Filings Office of the FTC
- **Additional Email Addresses to be Copied on E-Notifications**
 - The final table within the page displays the email addresses that will receive a notification that this filing has been submitted. These email addresses will not be able to access the filed document, but only receive the courtesy copy email as a notice of submission
- **Verifying that you are the submitter of the document**
 - The final step on the page is to verify that you are the person named as the submitter for this document and that all the above information regarding who is being served and in what way they are being served is correct. Once the box is checked the *Next* button will become active
 - You will not be able to move on to the final submission page without checking this box

Can I Opt Out of the Notice of Electronic Service for Non-Public Filings?

In the event you do not wish to notify Attorneys of Record of your e-filing, you may opt out of the Notice of Electronic Service for Public or Non-Public Filings. To do this, simply check the box at the bottom of the screen that reads “I am opting out of the Notice of Electronic Service” and click on the button labeled “Opt Out”. Image 33 (Filing Confirmation)

What do the users who opt-in to E-Notifications receive from Non-Public Filings?

Users who opt-in to E-Notifications will receive a Notice of Electronic Filing email that is sent when a document has been submitted to E-Filing for a docket in which you have opted-in to E-Notifications.

The Notice of Electronic Filing for Non-Public filings contains the following items (shown in Image 34):

- The docket number and matter name for which the filing was submitted
- The name of the filer who submitted the filing
- The date and time the filing was submitted to the system
- The Document Type and Document Title of the documents included in the filing
- A list of the users who were sent a courtesy copy by other means, as provided in Rule 4.4(b)
 - This includes the Office of the Secretary, the Administrative Law Judge, attorneys that the filer of the document selected during the filing process in the second table of the Notice of Electronic Service and those that were added in manually in the fourth table of the page
- A list of the additional emails that receive a notification of the filing's submission to the E-Filing system

Note: Unlike a Notice of Electronic Filing for Public filings, the email for Non Public filings does not include a courtesy copy link.

Why does the Notice of Electronic Filing come from the filer?

If one of the users who has opted in to E-Notifications enters an invalid email address in their Notice of Appearance then the filer of the filing would receive a bounceback email notifying them that the email was not successfully sent. Similarly, if one of the attorneys that receive the courtesy copy email hit "Reply" then the default recipient would be the filer of the filing. The filer will also receive a read receipt when the Notice of Electronic filing email is opened.

Note: Read receipts must be turned on in your email client in order for the filer to receive them.

The attorneys for a third party listed in the Counsel/Representative section of the Notice of Appearance will not be added to the Attorneys of Record, but will still be able to submit filings for that docket. Furthermore, any attorneys listed in the Respondents/Third Party section of the Notice of Appearance will not be added to the Attorneys of Record.

How do I see the list of Attorneys of Record for a docket?

The link to the Attorneys of Record for a docket is located underneath the docket number and matter name in the Docket Sheet and is labeled *View Attorneys of Record for This Docket* (see Image 37).

What can I edit on the Attorneys of Record page?

You can only edit the E-Notification preferences for yourself and the attorneys that were listed in the Counsel/Representative section of a Notice of Appearance that you submitted by clicking the *Edit* button in the corresponding row (see Image 38). Will I be notified that I was added to the Attorneys of Record?

Yes. When you submit a Notice of Appearance (or someone lists you in the Counsel/Representative section of their NOA) you will receive an email notifying you that you were added to the Attorneys of Record for a particular docket (shown in Image 39).

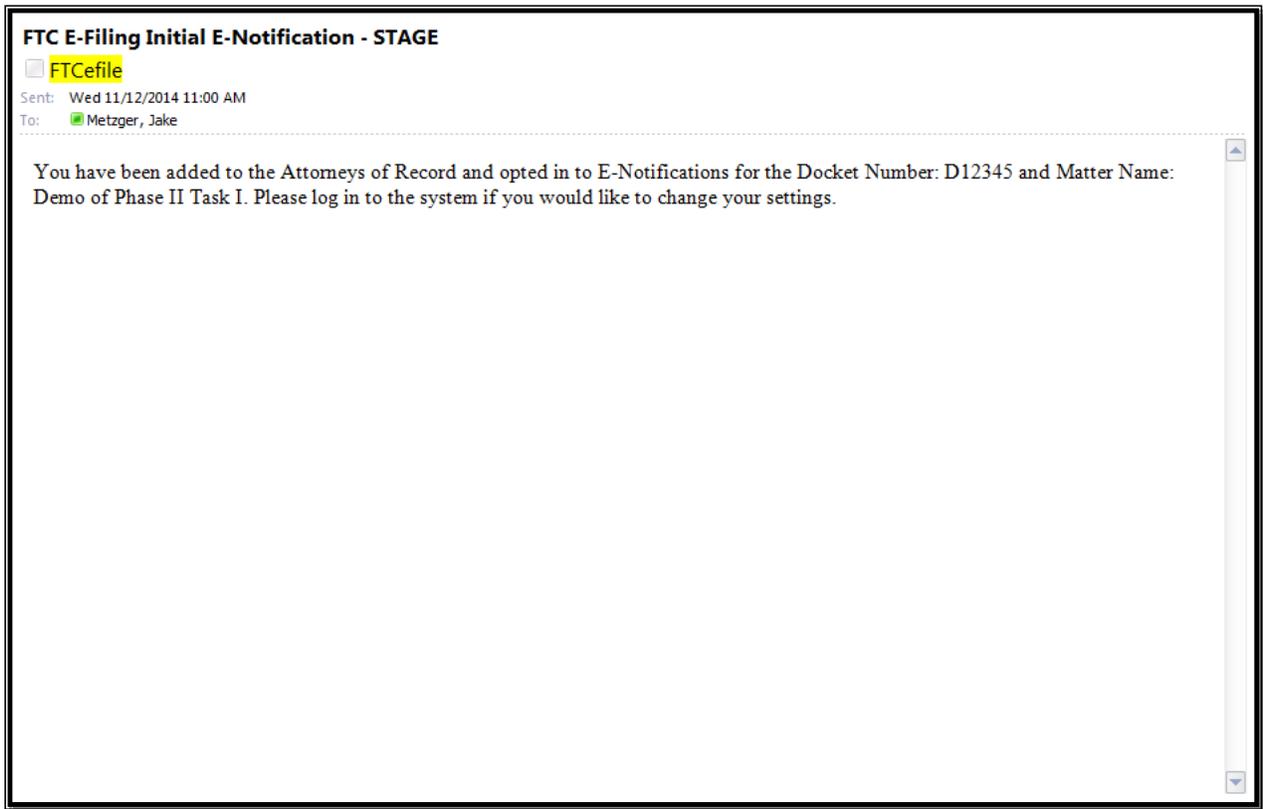

Image 39 (Attorneys of Record Email)

What if an attorney I added on the Notice of Appearance is not a current user in the system?

If any of the attorneys listed in the Counsel/Representative section of a NOA are not registered users in the E-Filing system they will receive an email notifying them that they were added to the Attorneys of Record for a particular docket and they must register for E-Filing in order to access the documents (shown in Image 40). The attorney receiving this email can only finish their account registration by using the link provided in this email. Furthermore, once they access the registration page using this link they can only register for an account using the email address that received the initial E-Notification email. After the attorney has completed their registration and their NOA has been accepted, they will be added to the Attorneys of Record list and be able to file a document in that particular docket.
